Swale Construction

Collection/ overflow facility at downstream end of swale to acceptable disposal point per Section 1.4

*After*

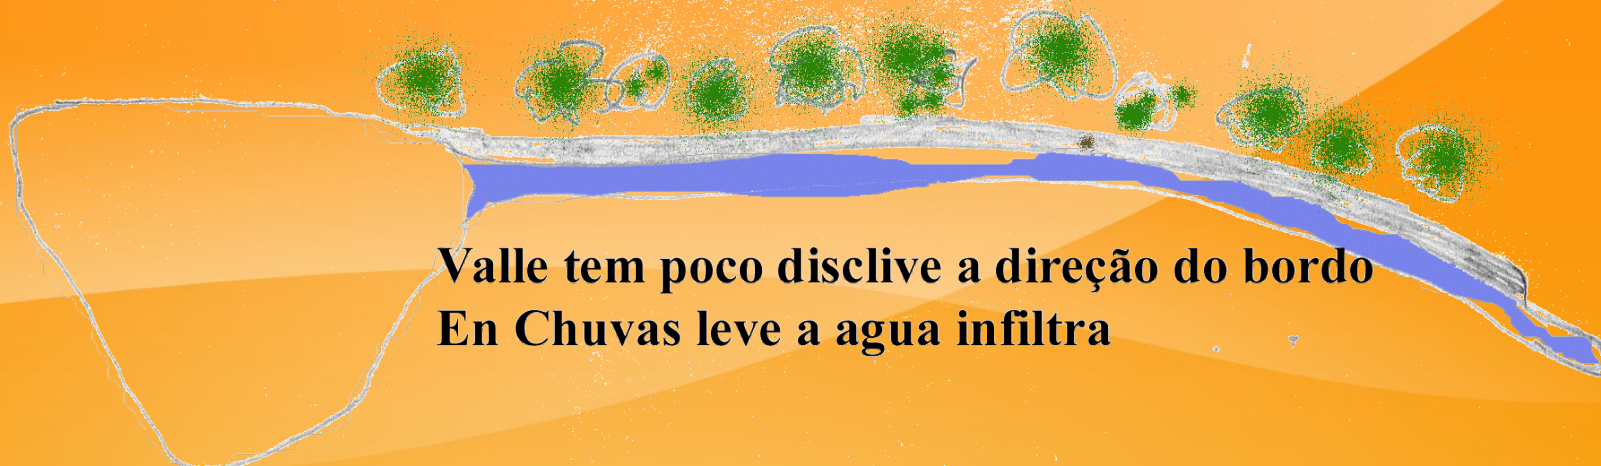

...and open areas for annual gardens and/or small livestock grazing

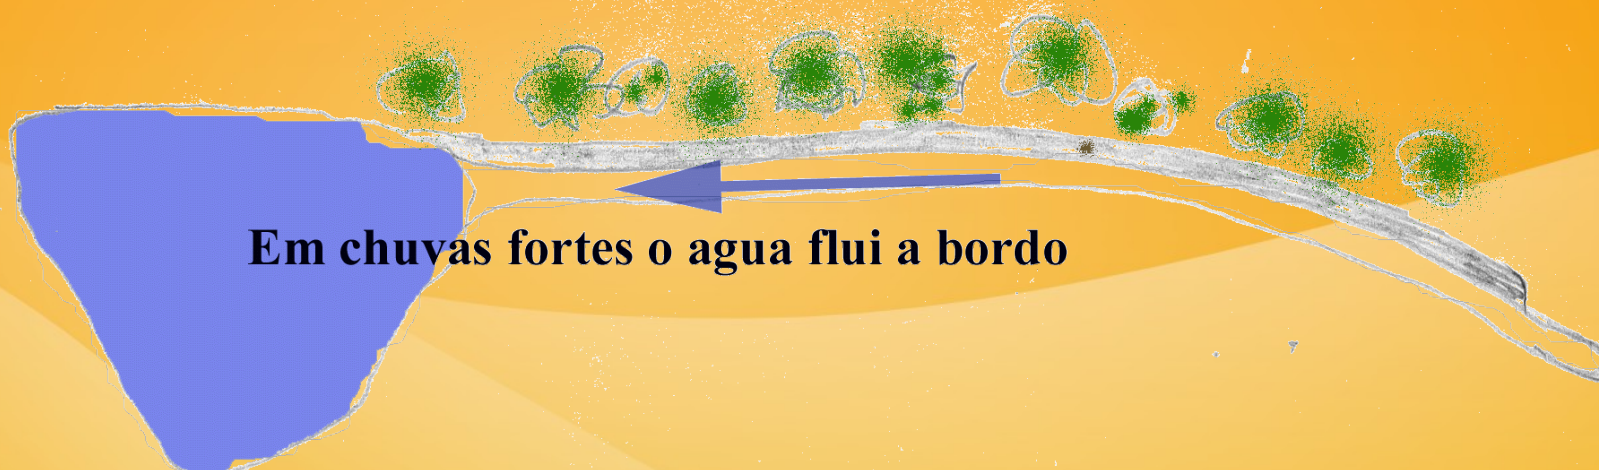

**Designed by Midwest Permaculture for:**  
Center for Sustainable Community, Stelle, IL  
Based on an illustration from *Introduction to Permaculture* by Bill Mollison  
Modified by Bill Wilson of Midwest Permaculture

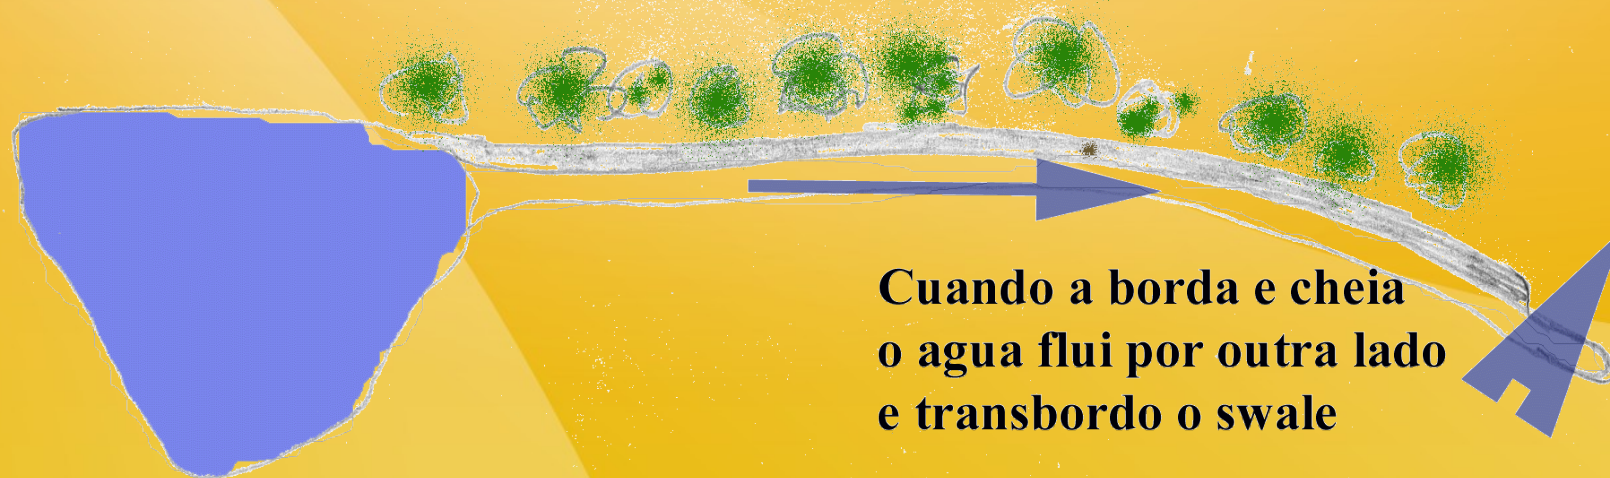

**Valle tem pouco disclive a direção do bordo  
En Chuvas leve a agua infiltra**

**Em chuyas fortes o agua flui a bordo**

**Cuando a borda e cheia  
o agua flui por outra lado  
e transbordo o swale**
